DESCRIPTION OF THE YOUTH EXCHANGE

The project, called "Value the Difference", is primarily focused on young people from ethnic minorities, descendants of immigrants, and people facing social, educational, economic, and geographical obstacles.

The main objective of the project is to foster a greater sense of inclusivity, tolerance, and belonging among young people, while promoting diverse values like pluralism, non-discrimination, justice, solidarity, and equality.

To achieve these goals, the project will use role-playing games as tools to foster better communication and respect for others. Participants will have an opportunity to learn about different theories, methodologies, and types of games and role-play games and to practice them in real situations and contexts.

The project will create a learning environment for young participants to share and exchange their ideas and experiences, encouraging them to communicate and cooperate to achieve common goals in an international environment.

The project will also include people with fewer opportunities to demonstrate the simplicity of the message that respecting diversity leads to tolerance.

Objectives:

- To create a sense of resilience among youngsters through creating a comprehensive sense of belonging and identity
- To cultivate the importance of different values
- To reach common objectives in a universal environment and create common values.

Our goals will be achieved through the following objectives:

- Fostering a greater and inclusive sense of belonging and identity.
- Inducing a sense of tolerance among young people.
- Enhancing the importance of diverse values like the importance of maintaining pluralism, non-discrimination, tolerance, justice, solidarity, and equality.

INTERCULTURAL EVENING

During the project, we plan to arrange an Intercultural evening. You will present your own cultures – national, regional, personal or any kind of culture you feel you belong to. A culture may be presented by a song, a story, a poem, a dance, some drink or food, etc. You may bring pictures, music or anything which you consider to be most appropriate to present your culture.

We appreciate if you find some creative way to present your culture. We will not have a kitchen to prepare the meals for the intercultural evening, so we suggest that you adapt your food and drinks to that reality.

So, in short it should not be a presentation, it should be an activity or something and it is up to you to replace the word something.
